DETAILED ACTION

Notice to Applicant

1. This communication is in response to the application filed 13 September 2000.

Claim 1 is pending.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Passint et al (5,581,705).

(A) As per claim 1, Passint teaches a virtual routing system, including a virtual router operating across one or more processing elements (Passint; abstract).

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited but not applied art teaches a system having general processor for transmitting generic packets to another processor to be altered and transmitted altered packets

Art Unit: 3626

back to central processor for routing (5,490,252); a system and method for managing networks addressed via common network address (6,175,867); and a method and apparatus for adaptive routing in packet networks (6,260,072).
